Well done!

- You have successfully completed Episode 6 of CyberQuoll, the internet safety computer-based activity where the cousins find out all about staying safe and acting responsibly on the net.
- This episode explored lots of things: how to search safely, chatting online with friends, finding the good stuff for projects and assignments, checking email, trashing spam and uploading great and safe pictures to the internet. A lot to do—did you get it all?
- We hope you had fun learning these important internet safety rules by discovering the joys of slime and guarding against the real nasties.
