I pledge I will ... (tick the boxes you agree you'll do)

Online publishing

- make sure I only put safe pictures online
- password protect any site with photos
- always get permission from a parent, carer, or teacher to create my own site, and get them to review it
- remember that personal information should never be entered, even into blogs or discussion groups
- be very careful with what I put on the internet, because when it is published, the whole world will be able to see and possibly misuse the information.

Congratulations, you are a safe and responsible internet user who adheres to the CyberQuoll safety principles!
